

Performance Physiotherapist

We are seeking a suitably qualified physiotherapist to join our team at one of only 18 first class cricket headquarters grounds in the country.

This role provides a fantastic opportunity to work within our science & medicine team to lead and deliver high quality physiotherapy support to elite and high potential cricketers. This role will be pivotal in ensuring high quality health care is delivered across the whole Essex performance pathway.

You will be accountable for the physical health and development of aspiring cricketers, embedding a comprehensive player education and support system that will contribute to the success of Essex.

The position will deliver services including but not limited to Chelmsford, Colchester, Leyton cricket Hub (East London and partner venues across the East of England catchment area. The role includes some days/nights away from home including weekends and bank holidays.

The full Job Pack will be posted shortly.

To apply please complete the Essex Cricket application form at:

[Essex Cricket -Employment Application Form - Physiotherapist – Fill out form](#)

Closing date for applications is 22nd May 2026

All applications will be reviewed once received and interviews will be held on a rolling basis for any candidates with the relevant qualifications, experience and right to work.

Essex Cricket reserve the right to close the application process prior to the advertised closing date should a suitable candidate be identified.
